

familyfarmed

FamilyFarmed believes access to Good Food is a human right. Good Food is healthy, accessible, sustainable, humane and fair, produced as locally as possible and promotes economic growth.

OUR PROGRAMMING

GOOD FOOD EXPO

Started in 2004, Good Food Expo the nation's oldest & most widely-attended event focused on local & sustainable food.

goodfoodEXPO.org

FARMER TRAINING

This farmer training program includes Wholesale Success, Direct Market Success and On-Farm Food Safety.

MARKET DEVELOPMENT

FamilyFarmed's Market Development Program works to make connections with local trade buyers and build the supply and sales of Good Food. The Organic Grain Promotion Initiative and Distiller's Network are major components of our Market Development program.

GOOD FOOD IS GOOD MEDICINE

Good Food is Good Medicine aims to promote food and health literacy across communities in the Chicagoland region, and inspire deeper understanding of how food choices impact health by delivering culturally-relevant tools, teaching, and personal experiences that encourage action to increase longevity and improve quality of life for all.
